

Job Title: Underground Mine EIT / Engineer - FIFO (Camp & Travel Provided)

Requisition ID **7069** - Posted - **7000 New Gold - Rainy River - Rainy River Mine - Emo, Ontario**

Make an impact at Canada's premier mining company.

When you advance your career at New Gold, you are joining a Canadian-focused intermediate gold mining company engaged in the operation, development and exploration of mineral properties. Our mission is to be a leading intermediate gold producer, driving responsible and profitable mining in a way that creates sustainable value for our employees, shareholders, the communities in which we live and work and our environment. New Gold would like to acknowledge the lands and resources of the Treaty 3 Territory and respect the traditional values of our First Nation partners. To learn more about New Gold, visit our website at www.newgold.com. To learn more about our culture and people practices, visit the [Career page](#).

New Gold attracts and hires highly skilled individuals. By joining our team, you can look forward to:

- A stimulating values-based work environment
- A culture of collaboration and inclusion
- Inspiring colleagues and approachable leaders
- Career development opportunities
- A deeply rooted commitment to responsible mining, health and safety and community engagement
- A competitive total compensation program
- A comprehensive benefits package including a retirement savings plan

Rainy River Mine

Situated in beautiful northwestern Ontario, 65 km northwest of Fort Frances, the Rainy River Mine is an open pit, gold and silver producing, residential mine site.

The Rainy River Mine, located adjacent to the Ontario / Minnesota border is 65 Kilometers northwest of Fort Frances, Ontario and is situated half way between Winnipeg, Manitoba and Thunder Bay, Ontario. The area is home to more than 130 species of birds and large populations of moose, black bear and deer. If you enjoy outdoor activities including hunting, fishing, winter sports and lake country then this is an area you will love to live and work in.

Applicants who reside in Northwestern Ontario and have experience working in a cross-cultural environment, coupled with knowledge of the unique challenges and opportunities presented to those living in the Northwest Ontario, are assets. Hiring priority will be given to qualified applicants who are beneficiaries of the Impact Benefits Agreement (IBA) and to qualified applicants residing in the Northwest Ontario communities. (Indigenous) Members must clearly identify their status on the online job application and resume if they wish to receive priority consideration.

About The Role

Schedule: 14 days on, 14 days off - 12 hour days, 6:00am - 6:00pm

Position Reports To: Senior Underground Mining Engineer

Position Overview

The Underground Production Engineer/EIT is responsible for providing technical support for development of the underground mine.

Key Responsibilities:

- Prepare long-hole daily void pull, drill and blast design letter
- Prepare level plans and other infrastructure plans as required
- Manage key engineering files in Deswik i.e. (stope shapes, blast shapes, survey cms)
- Coordinate survey activities with survey dept.
- Prepare daily report of mining activities (i.e meters developed, etc)

- Prepare month end report of mining activities (i.e meters developed, etc.)
- Prepare daily contractor activity reconciliation report
- Prepare mining weekly plans for contractors
- Perform underground audits of the ventilation system
- Perform drilling and blast quality analysis and control
- Assist with geotechnical planning and ensure the ground control management plan is followed
- Assist with implementation of short range planning standards
- Assist with preparation of weekly, monthly, and quarterly corporate reports and presentations
- Assist with stope optimizations and dilution control
- Assist in stope economics assessment

Qualifications

- Undergraduate degree in mining engineering or related engineering discipline.
- 1 to 5 years of experience working at a mining operation (open pit or underground suitable).
- Registration with the PEO as a P. Eng or EIT, or eligibility for immediate registration.
- Knowledge of underground mine design, as well as the technical processes related to drilling and blasting, stope reconciliation, mine ventilation, ground control, and cemented backfill.
- Experience with mine planning software including AutoCAD, Deswik or Minesight is an asset.
- Effective interpersonal, verbal, and written communication skills.
- Strong analytical, problem-solving, organizational, and decision-making abilities.
- Valid driver's license.

Working Conditions

- Position is based at the Rainy River Mine, 60km North-West of Fort Frances, Ontario
- Approximately 80% office and 20% field (underground).
- Minimal/occasional lifting required (typically less than 10kgs).
- Team environment, with regularly scheduled and ad hoc meetings.

Why New Gold?

- Highly competitive base salary, compensation programs and a quarterly incentive program
- Extended Health & Dental Benefit
- Short-term and long-term disability insurance benefit
- Defined match contribution to group registered retirement savings account
- Flight & Camp accommodations provided

We thank all applicants for their interest but will only contact candidates selected to advance in the hiring process. New Gold does not accept resumes from employment placement agencies, head-hunters or recruitment suppliers that are not in a formal contractual arrangement with the Company. Any resume or other information received from a supplier not approved by New Gold will be considered unsolicited and will not be considered.

Inclusion, Equal Opportunity, Accessibility

New Gold is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veterans' status, Indigenous status or any other legally protected factors. Disability-related accommodations during the recruitment process are available upon request.
