About Coeur Mining:
Coeur Mining is a growing, all-North American precious metals producer with seven operations: the Las Chispas silver-gold mine and Palmarejo gold-silver complex in Mexico, the Rochester silver-gold mine in Nevada, the Kensington gold mine in Alaska, the Wharf gold mine in South Dakota, the Rainy River gold mine in Ontario, Canada, and the New Afton copper-gold mine in British Columbia, Canada. In addition, Coeur owns the Silvertip silver-zinc-lead exploration project in British Columbia.
Coeur offers a flexible, hybrid work model and a culture built on safety, collaboration, and real opportunities to develop your career for those who want to grow alongside a company that is doing the same.

Rainy River
Situated in beautiful northwestern Ontario, 65 km northwest of Fort Frances, the Rainy River mine is an open pit and underground, gold and silver producing, residential mine site.

The Rainy River mine, located adjacent to the Ontario/Minnesota border is 65 kilometers northwest of Fort Frances, Ontario and is situated half way between Winnipeg, Manitoba and Thunder Bay, Ontario The area is home to more than 130 species of birds and large populations of moose, black bear and deer. If you enjoy outdoor activities including hunting, fishing, winter sports and lake country then this is an area you will love to live and work in.

Applicants who reside in Northwestern Ontario and have experience working in a cross-cultural environment, coupled with knowledge of the unique challenges and opportunities presented to those living in the Northwest Ontario, are assets. Hiring priority will be given to qualified applicants who are beneficiaries of the Impact Benefits Agreement (IBA) and to qualified applicants residing in the Northwest Ontario communities. (Indigenous) Members must clearly identify their status on the online job application and resume if they wish to receive priority consideration.

About the Role

Schedule: Shift 14/14 – 12 hour days only
Position Reports To: Senior Geologist

Position Overview:

The Underground Geological Labourer supports Coeur's Geology team with a range of activities, including sampling, sample preparation and diamond drilling support. All work must be completed in accordance with Coeur's safety, environmental, operational and workplace policies and procedures.
This is a 12-month contract position with the potential for future permanent employment. Previous experience is not required, as on-the-job training will be provided.

Preference will be given to candidates who reside in the Rainy River District. Please note that travel assistance and camp accommodations are not provided for this position.

Duties and Responsibilities:

- Complete diamond drill core sampling and assist with other geological sampling activities.
- Support geotechnical logging and the organization of drill core.
- Label, document and prepare samples for analysis.
- Transport samples to the assay laboratory while maintaining accurate sample records.
- Enter geological and sampling information into designated databases and tracking systems.
- Assist with sample preparation and other activities in the assay lab preparation area, as required.
- Move, organize and store core boxes and related materials.
- Maintain clean and organized geology work areas.
- Perform other geology-related duties as assigned.

Qualifications

- Knowledge of proper sampling and sample-labelling techniques is preferred.
- Ability to read, understand and follow written instructions, workplace signage and established procedures.
- Demonstrated commitment to safe work practices and the ability to follow site safety requirements.
- Sound judgment and the ability to respond appropriately to changing conditions.
- Valid Canadian driver's licence.

Working Environment and Physical Requirements

- Work is performed in a mining environment and may involve exposure to noise, dust, uneven terrain and varying temperatures.
- Ability to perform repetitive lifting and safely move drill core boxes and other materials.
- Ability to complete physically demanding tasks throughout the shift.
- Required to wear personal protective equipment and comply with all site safety procedures.

The anticipated salary for this position will be between $ $58,000 to $61,000.
**Note: this employment opportunity is based on an actual current vacancy, not just for future consideration.*

Why Coeur

- Highly competitive base salary, compensation programs and a quarterly incentive program
- Extended Health & Dental Benefit

We thank all applicants for their interest but will only contact candidates selected to advance in the hiring process. Coeur Mining does not accept resumes from employment placement agencies, head-hunters or recruitment suppliers that are not in a formal contractual arrangement with the Company. Any resume or other information received from a supplier not approved by Coeur Mining will be considered unsolicited and will not be considered.

Inclusion, Equal Opportunity, Accessibility
Coeur Mining is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veterans' status, Indigenous status or any other legally protected factors. Disability-related accommodations during the recruitment process are available upon request.
