Application Deadline

November 13, 2017

Company

New Gold is a Canadian intermediate gold mining company listed on the Toronto Stock Exchange (TSX) and the New York Stock Exchange (NYSE MKT) under the symbol NGD. At New Gold, our values drive every decision and action we take:

Integrity: Do what's right

Creativity: Lead with innovation

Commitment: Deliver

Develop our employees: Commitment to personal development

Teamwork: Leverage our collective skills

New Gold is committed to ensuring that all Applicants are able to participate equally in relation to New Gold's recruitment, assessment and selection materials and processes. New Gold encourages all Applicants with disabilities to let their New Gold recruitment contact know if they require accommodation during the recruitment process. For more information on New Gold's compliance with the Accessibility for Ontarians with Disabilities Act, 2005, please visit our website at <http://newgold.com/LegalNotice/default.aspx#sixteen>.

Project

Do you want to be part of the development and start-up of one of Canada's premier mining operations? We are looking for dynamic individuals to join our team and live in our community as we pursue this exciting project. The Rainy River Project, located 65 km northwest of Fort Frances, ON, contemplates a combined open pit and underground mine, processing 21,000 tonnes per day.

Department

Mill

Tasks

Reporting to the Maintenance Supervisor, the Millwright is to conduct preventative maintenance, troubleshoot and make repairs as required on process plant equipment throughout the mine site.

- Maintain crushers, grinding mills, and process plant equipment
- Provide input into planning weekly and annual maintenance
- Ensure preventative maintenance is carried out in a cost-effective manner
- Troubleshoot and repair equipment as required
- Ensure that all breakdowns are attended to immediately
- Provide input into the development and updating of preventative maintenance systems, spare parts programs, maintenance practices and infrastructure issues

Requirements

- Applicable Trades Certificate
- Minimum of 2 years of related experience
- Ability to identify, analyze and resolve problems
- Ability to work with minimal supervision
- Good oral and written communication skills
- Good computer skills
