New Gold is committed to ensuring that all Applicants are able to participate equally in relation to New Gold's recruitment, assessment and selection materials and processes. New Gold encourages all Applicants with disabilities to let their New Gold recruitment contact know if they require accommodation during the recruitment process. For more information on New Gold's compliance with the Accessibility for Ontarians with Disabilities Act, 2005, please visit our website at <http://newgold.com/LegalNotice/default.aspx#sixteen>.

Project

Do you want to be part of the development and start-up of one of Canada's premier mining operations? We are looking for dynamic individuals to join our team and live in our community as we pursue this exciting project. The Rainy River Project, located 65km northwest of Fort Frances, ON, contemplates a combined open pit and underground mine, processing 21,000 tonnes per day.

Department

Construction

Tasks

Management of Crushing/Screening Operations and coordination of blasting and product delivery. This position reports to the Construction Manager. This is a temporary position to support construction and will consist of a 3 week on, 1 week off rotation schedule.

The Crushing / Screening Area Manager will assume responsibility for Crushing and Screening Operations; including safety and supervision of personnel; care, maintenance and use of all properties, buildings, machinery and equipment, utilities and supplies; coordination of Blasting activities; quality assurance and quality control for all aggregate production; training of First Nations personnel; and coordination of loading of products.

The incumbent is also responsible for the development of production plans and budgets to ensure that production aligns with the Project construction schedule and budget.
