Project

Do you want to be part of the development and start-up of one of Canada's premier mining operations? We are looking for dynamic individuals to join our team and live in our community as we pursue this exciting project. The Rainy River Project, located 65 km northwest of Fort Frances, ON, contemplates a combined open pit and underground mine, processing 21,000 tonnes per day.

Department

Mining

Tasks

Reporting to the Mine Superintendent, the role of the Utility Supervisor will be providing guidance and leadership in dewatering for the mine operations team. The position is also responsible for overseeing utility activities, including monitoring and tracking consumables, and dewatering activities.

The work schedule for this position would be a 5x2 4x3.

- Be a safety leader in all aspects of dewatering and pit utility tasks
- Work hand in hand with geology to train and coach operators on proper sampling techniques and workflow
- Work hand in hand with engineering on planning and sequencing in-pit sumps and pipeline locations
- Work hand in hand with the environmental team on water monitoring, reporting and treatment
- Develop and implement dewatering SOPs and standards within the dewatering department
- Work hand in hand with materials management to set min/max values for dewatering and water treatment inventories and ensure materials are always readily available
- Work hand in hand with maintenance on scheduling of pumps and other dewatering equipment
- Build and manage pit dewatering and utility team
- Manage installation of Geo fabric and road designs

Requirements

- Must be willing to relocate to the Rainy River District located in Northwestern Ontario
- University degree or Technical Diploma in a related field or equivalent experience
- Professional certification in related area
- 5 - 6 years of related experience
- Minimum 3 years of experience in a supervisory role
- Solid understanding of production drilling practices and equipment capabilities
- Solid working knowledge of mining procedures
- Good understanding and working knowledge of the applicable legislation and regulations for mines

Contract Type

Permanent

Employment Fraction

Full-time
