***Project***

Do you want to be part of the development and start-up of one of Canada's premier mining operations? We are looking for dynamic individuals to join our team and live in our community as we pursue this exciting project. The Rainy River Project, located 65 km northwest of Fort Frances, ON, contemplates a combined open pit and underground mine, processing 21,000 tonnes per day.

***Department***

Operations

***Tasks***

Reporting to the Warehouse Superintendent, this position coordinates the safe and timely delivery of all materials within the Rainy River Project site, including staging deliver vehicles at a designated location and scheduling delivery times to locations on site.

- Escort the delivery of materials to various locations across the Rainy River Project site
- Inspect deliveries during the offloading process to ensure complete and undamaged delivery of materials
- Participate in daily pre-shift safety meetings
- Operate materials handling equipment in a safe manner and ensure all pre-start checks are carried out prior to operation
- Ensure all employees and contractors entering site and warehouse adhere to safety and environment standards that meet or exceed industry standards and applicable legislation
- Other relevant duties as assigned by the Warehouse and Materials Management

### ***Requirements***

Position will be posted until application deadline or until filled. Applicants interested in the position are recommended to apply as soon as possible.
