About Coeur Mining:

Coeur Mining is a growing, all-North American precious metals producer with seven operations: the Las Chispas silver-gold mine and Palmarejo gold-silver complex in Mexico, the Rochester silver-gold mine in Nevada, the Kensington gold mine in Alaska, the Wharf gold mine in South Dakota, the Rainy River gold mine in Ontario, Canada, and the New Afton copper-gold mine in British Columbia, Canada. In addition, Coeur owns the Silvertip silver-zinc-lead exploration project in British Columbia.

Coeur offers a flexible, hybrid work model and a culture built on safety, collaboration, and real opportunities to develop your career for those who want to grow alongside a company that is doing the same.

Rainy River

Situated in beautiful northwestern Ontario, 65 km northwest of Fort Frances, the Rainy River mine is an open pit and underground, gold and silver producing, residential mine site.

The Rainy River mine, located adjacent to the Ontario/Minnesota border is 65 kilometers northwest of Fort Frances, Ontario and is situated half way between Winnipeg, Manitoba and Thunder Bay, Ontario. The area is home to more than 130 species of birds and large populations of moose, black bear and deer. If you enjoy outdoor activities including hunting, fishing, winter sports and lake country then this is an area you will love to live and work in.

Applicants who reside in Northwestern Ontario and have experience working in a cross-cultural environment, coupled with knowledge of the unique challenges and opportunities presented to those living in the Northwest Ontario, are assets. Hiring priority will be given to qualified applicants who are beneficiaries of the Impact Benefits Agreement (IBA) and to qualified applicants residing in the Northwest Ontario communities. (Indigenous) Members must clearly identify their status on the online job application and resume if they wish to receive priority consideration.

About The Role

Position: Mill Maintenance Electrician

Schedule: Shift 7/7 – 12 hour days and nights

Position Reports To: Mill Electrical Supervisor

Position Overview

The Mill Maintenance Electrician is responsible for inspecting, troubleshooting, repairing and maintaining electrical equipment and systems that support safe and reliable mill operations. Working within the Mill Maintenance Department, this role performs preventative, predictive and corrective maintenance to minimize unplanned downtime, maintain equipment reliability and support production requirements.

The successful candidate will work closely with the Electrical Supervisor, other tradespeople and mill operations personnel to coordinate maintenance activities, respond to equipment issues and identify opportunities to improve equipment performance. This position requires sound technical judgment, effective communication and a strong commitment to safe work practices.

Preference will be given to local residents of the Rainy River district.

The anticipated annual salary range for this position is **\$118,000–\$128,000**.

This employment opportunity is for an existing vacancy.

Key Responsibilities

- Inspect, troubleshoot, repair and maintain electrical equipment and systems used in mill operations.
- Perform preventative and predictive maintenance to identify potential equipment issues and reduce unplanned downtime.
- Participate in developing and updating preventative maintenance schedules, procedures and objectives.
- Complete assigned work orders, documenting maintenance activities, findings, repairs and any required follow-up.
- Coordinate electrical maintenance activities with other tradespeople, mill operations personnel and project teams to support safe and efficient work execution.
- Support electrical work associated with equipment installations, modifications and construction projects, as assigned.
- Apply established safe work procedures, including equipment isolation and lockout requirements, when carrying out maintenance activities.
- Identify and report electrical hazards, equipment deficiencies and recurring maintenance issues to the Electrical Supervisor.
- Provide timely updates to the Electrical Supervisor on work progress, completion status and issues that may affect equipment availability.
- Contribute to departmental initiatives that improve safety, equipment reliability and maintenance effectiveness.

Qualifications

- Grade 12 diploma or equivalent.
- Journeyman Electrician certification with Red Seal endorsement.
- A minimum of five years of relevant electrical maintenance experience in an industrial or mining environment.
- Experience troubleshooting and maintaining industrial electrical equipment and systems.
- Instrumentation experience is considered an asset.
- Experience with Emerson DeltaV systems and/or programmable logic controllers (PLCs) is considered an asset.
- Basic computer proficiency; experience using SAP for maintenance work orders and records is considered an asset.

Knowledge, Skills & Abilities

- Strong troubleshooting and problem-solving skills, with the ability to identify equipment faults and determine appropriate corrective action.
- Ability to read and interpret electrical drawings, schematics and technical documentation.
- Demonstrated commitment to safe work practices and hazard identification.
- Ability to organize work, respond to changing priorities and complete assigned tasks with attention to quality and accuracy.
- Effective communication skills and the ability to coordinate work with supervisors, operations personnel and other tradespeople.
- Ability to work independently and contribute effectively within a maintenance team.

Why Coeur?

- Highly competitive base salary, and a quarterly incentive program
- Extended Health & Dental Benefit
- Short-term and long-term disability insurance benefit
- Defined match contribution to group registered retirement savings account

We thank all applicants for their interest but will only contact candidates selected to advance in the hiring process. Coeur Mining does not accept resumes from employment placement agencies, head-hunters or recruitment suppliers that are not in a formal contractual arrangement with the Company. Any resume or other information received from a supplier not approved by Coeur Mining will be considered unsolicited and will not be considered.

Inclusion, Equal Opportunity, Accessibility

Coeur Mining is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veterans' status, Indigenous status or any other legally protected factors. Disability-related accommodations during the recruitment process are available upon request.
