- Ability to use hand and power tools, welding, brazing, soldering equipment, and various testing devices;
- Demonstrated ability to apply the procedures and principles of mechanical, electrical, plastering, painting, plumbing, construction repair and maintenance within the health care setting;
- Ability to work within limits and standards set by procedures, policies, legislation, and specifications;
- Ability to work in a team and independently with minimal supervision;
- Ability to follow blue prints and schematics;
- Understands and maintains confidentiality;
- Will be required to take a Maintenance test;
- Familiar with Occupational Health & Safety Workers' rights and responsibilities;
- Dependable, competent and continued ability to carry out responsibilities;
- Demonstrated strong written and verbal communication skills;
- Demonstrated strong interpersonal skill with the ability to function effectively independently, within a team, with front line personnel , and management;

- Demonstrated ability to function effectively in a fast paced healthcare environment with excellent organizational and time management skills with the ability to multitask and prioritize workload;
- Dependable with a verifiable acceptable attendance record;
- Proven ability of performing the essential duties of the position on a regular basis.

The successful candidate must be able to:

- Identify spatial perception to visualize form drawings, sequence of parts assembly and relative positions of components;
- Capacity to work where exposed to physical hazards such as noise, moving parts, and equipment heights, confined spaces, chemical odours, dust, and adverse weather and environmental conditions such as heat, humidity, and cold;
- Possess eye-hand-finger coordination and manual dexterity to handle parts, tools, and operate equipment in order to dismantle, clean, repair, assemble, adjust, and perform functional tests;
- Form perception to make visual comparisons in shape and general conditions when assessing parts wear or defects;
- Ability to climb and balance on ladders and scaffolds, stop, kneel, crouch, crawl, reach, handle, finger, and feel;
- Visual ability to differentiate between colours and undertake close inspection of objects;
- Ability to work rapidly under emergency conditions;
- Ability to perform medium to heavy work requiring the lifting of items 20-50 pounds on a regular basis and upwards of 100 pounds on occasion;
- Good hearing ability in order to recognize sounds that indicate equipment malfunctioning, emergency sirens, paging, and warning devices.

Interested candidates are invited to confidentially explore this opportunity or submit their resume and cover letter to: Human.Resources@rhcf.on.ca.

Riverside Health Care Facilities is committed to ensuring that all employment practices are inclusive. As an organization we are committed to providing and arranging accommodation for candidates upon request.
